

Falling Stone in the Darkness

Paris France from 2004

In the Darknesse, keep a paving stone on the head, keep a good balance, walk , with a feather in the mouth, dancing the feather by the mouth.

With a samll handlight, walk with bancing stone, close to the audience, close to the public body, ask eveybody, could I tickle your body?

Pleas show the most touching, mouving part of your body to be tichlish

Pleas show the most intelligent , and wise part of your body to be tichlish

Pleas show the most nothingness, but also omnipresent part of your body to be tichlish

Pleas show you heart to be tichlish, much more closer to me, please, for I hope to tickle your whole heart!

When finish all participation of the audience for tichlish by feather with balacing stone on the head, take off the handlight, in the darkeness, the stone fall,

Don't worry, I'm so terrified by it, me too,like you, all of us are lost from begining!

liping TING.
